

UNEDI CAMPUS

The **Uganda National Entrepreneurship Development Institute (UNEDI)** is a national resource development institution committed to entrepreneurship education, training, and research. The institute strives to provide innovative training techniques, competent faculty support, consultancy, research, and quality teaching and development of training materials.

High-quality, participatory training is a hallmark of **UNEDI's** approach to business empowerment over the years. An appreciative approach builds gender-balanced opportunities for leadership and development at all levels of society. Whether in a global, regional, in-country setting, or grassroots level, **UNEDI** seeks to transform businesses, and rural households into commercially high-impact farm entrepreneurs while building stronger, more effective organizations and vibrant communities. This approach recognizes that an effective enterprise facilitates change across multiple levels i.e.

- | | |
|----------------------|---|
| Individual: | transforming the leadership and entrepreneur skills of the individual; |
| Community: | mobilizing communities to prioritize needs and participate in decision- making; |
| Organization: | building institutional sustainability and effectiveness; and |
| Society: | challenging gender inequality and strengthening civil society. |

UNEDI Focal Areas

- a) Sustainable & Conventional Energy & Control Technology
- b) Solar Energy Technician
- c) Electrical and Electronics
- d) Welding Fabrication Technology
- e) Watch Technology
- f) Construction and Building Material Production Entrepreneurship
- g) Building and Construction Entrepreneurship

Certificate Level II

- a) Sustainable & Conventional Energy & Control Technology
- b) Construction and Building Material Production Entrepreneurship
- c) Building and Construction Entrepreneurship
- d) Aviation Electronics Technician
- e) Broadband Cable Technology Broadband Cable Technology
- f) Electronics Engineering Technology
- g) Electronics Telecommunications Technology
- h)

Certificate Level III

- i) Sustainable Renewable Energy (3 months)
- j) Engineering Technology
- k) Industrial Power & Control Technology
- l) Electronics (6 months)
- m) Biochemistry
- n) Engineering and Applied Science
- o) Energy Technologies Development
- p) Electronics Technology
- q) Applied Science, Energy Utility and Technology (ASEUT) program
- r) Management and Sustainable Energy Systems (MSES)
- s) Chemical Dependency Specialist
- t) Maritime Deckhand Cook
- u) Marine Deck Technology
- v) Marine Engineering Technology
- w) Creative Art and Crafts Production Entrepreneurship

Centre For Rural Economy, Entrepreneurship & Cooperative Extension Services

- a) Commercial Vegetable Production Entrepreneurship
- b) Commercial Poultry Production Entrepreneurship
- c) Dairy Cattle Keeping and Management Entrepreneurship
- d) Horticulture Entrepreneurship

- e) Mixed Farming Entrepreneurship
- f) Crop & Plant Production Entrepreneurship
- g) Cooperatives & Farmers Investment Club Social Entrepreneurship
- h) Creative Art and Crafts Production Entrepreneurship
- i) Construction and Building Material Production Entrepreneurship
- 1. Building and Construction Entrepreneurship
- j) Two Weeks Advanced Cooperatives and SACCOs Management Program
- k) Three months Advanced certificate level III in cooperatives development.
- l) Advanced Certificate level IV in Cooperatives and SACCOs Management
- m) Advanced Certificate level IV in Rural Economy and Entrepreneurship.

Centre for agribusiness research and rural innovations (CARRI)

Certificate Level I

- a) Commercial Vegetable Production Entrepreneurship
- b) Commercial Poultry Production Entrepreneurship
- c) Dairy Cattle Keeping and Management Entrepreneurship
- d) Horticulture Entrepreneurship
- e) Mixed Farming Entrepreneurship
- f) Crop & Plant Production Entrepreneurship

Certificate Level II
